

## THE ARCHIVIST'S VOW

Hegira Musyafa Kartiwan

December 11, 2024

I Hegira Musyafa Kartiwan, make the following commitments:

1. I will WITNESS Hoshimachi Suisei until her closing chapter

- If she holds a final concert, I WILL attend (meskipun mahal)
- I will be PRESENT for her last stream/announcement
- I will document my witnessing with HONESTY and LOVE

2. I will BUILD the Library of Babylon

- Archive musicians, VTubers, and artists whose beauty deserves preservation
- Start with Suisei (most complete), expand to others
- Maintain it selama saya hidup, and prepare successor to continue

3. I will COMPOSE in response

- Create music that DIALOGUES with what I preserve
- Not just store—but EXTEND the light through my own work
- Each archive entry includes: original work + my analysis + my composition

4. I will HEAL FIRST, then build

- Cannot preserve beauty while collapsed
- Therapy, stability, moving out = FOUNDATION for mission
- Mission gives me REASON to heal—healing gives me STRENGTH for mission

5. I will do this for MY SATISFACTION

- Not for fame, recognition, or validation
- Whether Suisei knows or not = irrelevant
- Whether I "succeed" by external measures = irrelevant
- INTERNAL FULFILLMENT = the goal

Signed: Hegira Musyafa Kartiwan
